## What makes a Flying Start so special?

During this hour long experience, you will have the opportunity to meet a variety of different Birds of Prey, where you can take photos and hopefully learn a little bit about each of the birds. Under the guidance of one of our falconers, you will also experience the majesty of flying a bird to your gloved hand. This experience ends in time for you to watch our bird demonstration for the general public, after which you are welcome to explore the Cotswold Falconry and see over 60 different bird species.

Cotswold Falconry is open every day from mid-February to mid-November. This experience will take place during our open season and lasts approximately 1hr. tripadvisor\*
